

Weekly Report

01/05/2015-01/11/2015

Reserach

I have almost finished my website which takes me a lot of time this week. I have install java and eclipse and plan to run storylinegraph project on my notebook. In addition, I will learn java and processing that used in this project.

Plan for next week

- Learn basic usage of Java and Processing.
- Read paper "Understanding individual human mobility patterns"
